

PRODUCT INFORMATION

# Tabard's wide range of insect repellent candles

- Tabard, as an internationally recognised brand of personal insect repellents, also manufactures a wide range of candles as well as a citronella based lamp oil
- The natural insect repellent properties of citronella oil are well known - and the manufacturers of Tabard have incorporated this inherent quality into a variety of decorative as well as practical products
- Burned by day or night, indoors or outdoors, Tabard Citronella Candles release a natural vapour that repels mosquitoes and other insects
- Tabard Citronella Candles are available in resealable tins for practical, long lasting use as well as in terracotta candle holders or as tea light candles which offer a more decorative touch
- Tabard Citronella Candles have been tested by the South African Bureau of Standards and are registered with the Department of Agriculture of South Africa

## PACK CONFIGURATIONS AND BAR CODES

| CODE | PRODUCT                             | UNIT   | UNIT BAR CODE | CASE PACK | CASE BAR CODE  |

What makes Tabard Citronella Candles more effective?

- > Conventionally shaped candles cannot release citronella vapours effectively
- > Due to the shape of Tabard candles, the wick burns slowly, creating a reservoir of wax and citronella oil
- > Citronella is constantly released to mix into the surrounding air
- > Repels mosquitoes, gnats, flies, sandflies, fleas, ticks and all other common types of insects
- > Instant, portable and convenient protection for up to 100 hours
